9	In some ways, yes. But in other ways, no. There are places like work that I felt very welcome and accepted but since this community is fairly religious, I feel that since we don't ascribe to the churches here, we are judged and outcast.	10/11/2018 6:05 AM

16	Not really. While people were friendly but we got a lot of passive comments like, "Why would you move here?" and "You mean you moved here without knowing anyone?" We felt like an anomaly or that there was something about the town we didn't know about.	10/10/2018 9:02 AM

1	There is very little in NR that makes me want to spend time or money in town. A dog park would be nice. It would also be great if the churches were less emphasized as the pillars of where community happens. Not everyone is religious and the cliquiness makes it extremely difficult to meet anyone.	12/10/2018 11:24 AM
2	Build new business like napa, trash lot right up! Did chev garage, trashed up! Dollar General nice job!	11/1/2018 1:20 PM
3	Too many unused wrecked vehicles in yards, garbage, high weeds	11/1/2018 1:06 PM
4	How about a commissioned mural on the demolished side of the opera house/dance studio	11/1/2018 9:19 AM
5	People have too many vehicles on their properties, on street and in alley ways especially around the old car dealership.	10/26/2018 4:59 PM
6	Would love welcome signage, welcome wagon, banners on the highway and downtown to present a welcoming community that people will stop and not drive through.	10/15/2018 8:51 AM
7	We have several properties that are in great decline and make the rest of the neighborhoods look bad and are health hazzards.	10/12/2018 1:30 PM
8	There seems to be a lack of pride in residence's yards. I wish that there was a promotion or incentive for people to pick up the pace and keep their yards neat and tidy	10/11/2018 5:43 PM
9	There does tend to be some trashy people in town	10/11/2018 10:39 AM
10	Lots of backstabbing people here	10/11/2018 7:13 AM
11	People are very friendly	10/10/2018 7:33 PM
12	People too friendly and asking personal questions to strangers	10/8/2018 5:33 PM
13	I just want to emphasize the accessibility of sidewalks. There are very few blocks that have handicap accessible sidewalks. This is a concern for more than just those with a handicap or disability but also moms who want to push strollers with their kids or kids who are riding their bikes and are constantly having to get off to lift their bike up onto the sidewalk. The sidewalks are also very rough which makes it more difficult for people mentioned before and a safety hazard.	10/8/2018 10:06 AM

9	The revitalization of the residential areas is a great concern for me. I have purchased properties where adjoining neighbors have encroached with their fences and or personal properties. There are allies that are hard to get through due to vehicles permanently parked on the city right of way, narrowing traffic flow. Houses have been "updated" with significant obvious code violations, such as eliminating points of egress except through garages (no front doors for fire escape) and garages converted to living spaces, then another garage built on at the same finish grade, which doesn't allow for fire and or fumes to be blocked from entering the living spaces. There are derelict homes, both occupied and not occupied, that appear to be safety hazards, and or habitats for wild or feral animals, and or health concerns. There are rental properties with peeling paint or with other fairly simple needed updates. The lack of or existing condition of sidewalks is deplorable. I have seen pedestrians trip on existing due to poor conditions. I have also witnessed many near misses of our pedestrian traffic and vehicle traffic due to lack of sidewalks.	11/1/2018 9:29 AM

15	Activities for aging population all of your examples are for young people and we have a significant amount of older people in town. City needs to be progressive instead of reactive. Some of the water mains should have been replaced 25 years ago when they did road repair is just one of the examples of areas that the city could have looked at way back when. Cleanliness downtown and on the highway is not a corrective measure that should be in this survey the commission should just take care of this.	10/22/2018 8:00 PM
16	When people are driving through NR, the 281 corridor is so important to make a good impression of a welcoming, clean, beautiful town. I think we can do better. There are many empty buildings around town that look like they are just sitting there going to rack and ruin. Can we clean this up, or turn them into something attractive?	10/22/2018 2:46 PM
17	I feel the most important things we need are, childcare, motel, and carwash. Our motel is a joke and embarrassing. We also need to clean up buildings downtown and tear down dilapidated buildings.	10/22/2018 11:53 AM
18	Need motel, carwash, clean up old buildings, tear them down, old church	10/22/2018 10:44 AM

26	As I said before, New Rockford is a wonderful place to live...it is sad to see the affect drugs have on our town...I am happy with our law enforcement people. I am proud of our businesses...it would be good if Napa would clean up their property...the others are good. It means a lot when people drive into town.	10/16/2018 10:50 AM
27	"Keep On Keeping On" Takes lots of positive energy and excitement and great attitudes to keep small towns going!	10/15/2018 9:24 PM
28	Open our minds, open our hearts. Talking w the public, educating and awareness helps us reach our goals together.	10/15/2018 9:29 AM
29	I would like to see a coordinated effort between the City, County and NRABC to work together to create a vibrant, sustainable future for our community. We need the City to put in place ordinances that protect our citizens, businesses and property values and then ENFORCE them. Our town has to look and feel welcoming and businesses will want to open if there are programs and buildings available. Thanks for all the work for our community!	10/15/2018 8:56 AM
30	I think creating community with our immediate neighbors is a way to enhance every part of living here.	10/13/2018 10:41 PM
31	New Rockford is an amazing community. I do feel that there is a bit of negativity that needs to be addressed however. So many individuals are cutting each other down, businesses not working together, and too much money being spent all of a sudden. So many of the recent maintenance/improvements to the city and school are items that were not planned for and they should have been, instead of leaving them for "can no longer wait/must do". Our community is not a rich one and not everyone can afford to make so many financial additions to their budget. More, better paying jobs are needed too. But then again..some people just need to get up and work! Good luck!	10/11/2018 6:27 PM
32	One guy owns half the buildings that could be used for more businesses, the other half are in such bad shape it would be cheaper to build new. Without any real incentives for new businesses nobody is willing to start a new business. And even when people do start a new business it seems like so many people are trying to scam them in town that it quickly becomes more trouble than its worth.	10/11/2018 4:39 PM
33	please continue the efforts to clean up unsightly areas around town - yards that are filled with junk and old houses that need to be torn down	10/11/2018 12:41 PM
34	The sidewalks throughout town need to be replaced/fixed so people can walk on them instead of in the street. There is a huge need for daycare in our community. I would like to see more activities available for the youth in our community.	10/11/2018 11:41 AM

35	I am very pleased to go back to visit to see the progress. When surrounding communities are losing their strength in their downtowns, I feel new Rockford is doing a great job of making the necessary steps to strengthen the downtown. I think at this time is a great time to see growth and reinvent what New Rockford can be. I think this would be a great time for investors to see the growth and hopefully invest into the great opportunities being presented at this time. I think shop local campaigns would be will repected in the area even with the easy commute to larger shopping areas just because there is enough variety to get what you need locally. I have seen where local businesses are not supported by local government and purchase elsewhere, and that hurts everyone. I personslly know of one business that lost seven employees due to larger projects going to out of town businesses. Those seven employees are a loss of over 200,000 to the local economy. Those positions were replaced with out of town work and out of town employees. So my suggestion is to support local! When a community has someone willing to invest it is the communities responsibility to support that investor. Other than that, great job New Rockford.	10/11/2018 11:38 AM
36	The streets in the residential areas of town could use a better street cleaning schedule. The street in front of our house was only cleaned one time with the street sweeper since the storm we had in July. Other towns I have lived in had a schedule of either streets or avenues being cleaned on certain days of the month that way the public were made aware and could have their vehicles moved off the street for more efficient street cleaning. Snow removal also lacks any kind of schedule. Our avenue seems to be very neglected as the streets are bladed with a fine tooth comb.	10/11/2018 11:08 AM
37	I love New Rockford	10/11/2018 5:38 AM
38	The consistency in which the laws are enforced is very lax. I absolutely love when homes that were abandoned and beyond repair were tore down. It really increased my property value and the neighborhood.	10/10/2018 8:31 PM
39	Thankful for all the things NR offers and that the city is looking to improve their city.	10/10/2018 7:46 PM
40	I am concerned about the drug and alcohol abuse in the community.	10/10/2018 6:50 PM
41	The state of many buildings in town are a concern to me, I am not sure why our town doesn't have ordinances that keep owners from allowing buildings to be so run down and a danger to our town.	10/10/2018 5:44 PM
42	I am very concerned about the pool this past summer with the slide being broken already and how often it was closed.	10/10/2018 12:13 PM
43	I think we really need to increase restaurant options in NR. We bring in hunters, fishermen, bikers etc. and during some of the year you have very limited options	10/10/2018 9:52 AM
44	It's a great place to live, although sometimes isolation sets in regardless of the season. It's good to be connected in meaningful ways.	10/10/2018 9:12 AM
45	Please continue to support the arts. We are so blessed to have DPRCA and such an excellent music program. We need to be careful not to lose these things!	10/8/2018 11:12 AM
46	New Rockford looks like crap after the storm. We need to get these dilapidated properties cleaned up. Sidewalks are horrible in town. I hate to say it, but our curb appeal right now has to be within the bottom ten of all communities in ND.	10/8/2018 8:46 AM
