EDDY COUNTY NEWS RELEASE

JUNE 26, 2020

A COVID-19 Mass Drive Up Testing for Eddy County Residents was held on Wednesday, June 10, 2020. 141 tests were administered and all the tests were negative for COVID-19. Thank you to everyone who was involved in organizing the event and to everyone who was at the site helping.

Please keep practicing social distancing, washing hands, using hand sanitizer and wearing masks when in public settings. It is advised that everyone should be wearing masks in public settings until the Public Health leaders no longer recommend people to be wearing them.

The 4th of July is around the corner and everyone will be out celebrating and spending time with family and friends. Please remember to practice social distancing, washing hands often, using hand sanitizer and wearing masks if you plan to attend an event such as a street dance or any other public event.

New Rockford is having a 4th of July parade. The route has changed a little bit due to the road construction and the need for social distancing. Please try to keep 6 feet apart from separate groups when finding a place to sit and enjoy the parade.

Governor Burgum has extended the renewal date for motor vehicle registrations and driver licenses that expired on or after March 1, 2020 to August 31st, 2020. License renewal and vehicle registration services are available by appointment only. You can find more information on www.dot.nd.gov or call 1-855-633-6835.
